

**Annual Session of Scientific Papers
Braşov, 25 November 2010**

Hour	Authors	Paper title	Institution
8.00 - 9.00 - Registration and poster assembly			
9.00 - 9.30 - Opening speech			
9.30 - 11.15 - Paper presentation. Chairman Dr. Ing. Sorin Claudian Chiru			
9.30 - 9.45	Chiru S., Olteanu Gh., Chiru Nicoleta, Karácsonyi Diana	New challenge in improving Romanian seed potato production	INCDCSZ Braşov
9.45 - 10.00	Parker A.	Challenges facing the potato industry in the North Emisphere and some possible solutions	CASP Canada
10.00 - 10.15	Rolot J.L., Alice Soete	Breeding potato nowadays: an overview of the current situation	CRA Wallonie, Belgium
10.15 - 10.30	Polgár Z., I. Wolf., Z. Vászily, R. Tomoskozi-Fárkás, L. Gergely	Evaluation of potato varieties for biotic and abiotic stresses	University of Pannonia, Ungaria
10.30 - 10.45	Çalışkan M.E., Çalışkan Sevgi	Usability of True potato seed in ware and seed potato production	Mustafa Kemal University, Turkey
10.45 - 11.00	Iliev P., Ilieva Irina	Potato production in Republic of MOLDOVA DEPENDING on agro - climatic zones	ISPHTA, Chişinău
11.00 - 11.15	MacArthur D.	Cooperation between CASP and INCDCSZ Braşov	CASP Canada
11.15 - 12.00 - Coffee break and poster viewing			
12.00 - 16.00 - Paper presentation. Chairman Dr. Ing. Victor Donescu			
12.00 - 12.15	Cristina Moldovan, Morar G., Camelia Sîrbu, Topan C.	Potato fertility under the influence of biological and ecological factors	USAMV Cluj
12.15 - 12.30	F.V. Edu, Angela Mărculescu, Carmen Bădărău	Aspects and connotations of potato irradiation	INCDCSZ, Univ. Transilvania
12.30 - 12.45	Topan C., Morar G., Cristina Moldovan, Muntean M.	Partial results on early potato production in Cluj area	USAMV Cluj
12.45 - 13.00	Gálfi N., Sztánkovszky A., Szábo A.	Possibilities to increase seed potato multiplication coefficient on protected conditions (glasshouse)	SCDA Miercurea Ciuc
13.00 - 13.15	Mihaela Cioloca, Maria Ianoşi	Results concerning planting material production by TPS technology and evaluation of progenies uniformity	ICCP Bucureşti, INCDCSZ Braşov
13.15 - 13.30	Camelia Sîrbu, Morar G., Gálfi N., Cristina Moldovan	Research on foliar fertilization and late blight control from potatoes grown in organic farming system	USAMV Cluj

13.30 - 13.45	Mariana Groza, Monica Călin, Mihaela Coman, Claudia Costache, Coman A.	Methods for detection and identification of cyst nematodes <i>Globodera rostochiensis</i> and <i>Globodera pallida</i> used in the central phytosanitary laboratory	LCCF Bucharest
13.45 - 14.00	Căpățână I., Brătucu Gh.	Research regarding the influence of harvesting work over potatoes tubers injury	Univ Transilvania
14.00 - 14.15	Păunescu C., Brătucu Gh.	Modern technologies and equipments for controlling the climatic factors in warehouses for potatoes	Univ Transilvania
14.15 - 14.30	Mike Luiza, Victor Donescu, Dumitru Bodea, Zsuzsanna Nemes, Gabriella Mike	Introducing of new methods for secondary processing of agricultural production in order to obtain products demanded on the market, like starch, isoglucose, pectin, germs, malt and vegetable oils	SCDA Targu Secuiesc
14.30 - 14.45	Gherman I., Cloțan Gh., Taus R.	Research about the influence of using mixture of perennial grasses and legumes as precursory in rotation field on the yields and quality of sugar beet, potato, barley and corn silage grown in Țara BĂrsei	INCDCSZ Brașov
14.45 - 15.00	Anca Eva Ardelean, Morar G.	Study on germination seeds and biology of plant growth in the first year of vegetation of <i>Chrysanthemum cinerariaefolium</i> TREV.VIS	USAMV Cluj
15.00 - 15.15	Adriana Cristina Khapardey, Dana Maria Bobiț	Medicinal Plants in Harmony with the Moon and Nature Cycles	DEMETRIA BIODIN Association, INCDCSZ, Dacia Plant srl
15.15 - 15.30	Chișnicean Lilia	Introduction in culture of <i>Stevia rebaudiana bertonii</i> specie. Multiplication methods	Botanical Garden of ASM Rep. Moldova
15.30 - 15.45	Edu F.V., Angela Mărculescu, Carmen Bădărău	Irradiation advantages of spices, medicinal plants and dried food plants	Univ. Transilvania
15.45 - 16.00	Carmen Bădărău, Florentina Damșa, Angela Mărculescu, N. Cojocaru, Maria Ianoși	Benefic effects of several essential oils on the resistance of <i>Nicotiana tabacum</i> plants (cv.WHYTE BURLEY) to the potato virus Y inoculation	INCDCSZ Brasov
16.00 - 16.30 - Discussions			
16.30 - Lunch
